WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1893.

[This clever production is from the pen of Miss Frazie, the fifteen-year-old daughter of Mr. and Mrs. Charles C. Kirk, formerly of this county.—EDITOR.]

THE OLD WOODCHUCK.

"How dear to my heart are the scenes of my childhood
When fond recollection presents them to view."
I sit, sadly dreaming and living life over,
While my age-dimmed eyes are moistened with dew.
How plain I can see the old situation
Of house and of barn, of hill and of field.
With a strange, a sad, a heart-stirring longing
That none but the Angel of Memory can yield.

I still am a boy, although seventy winters
Have silver'd with frost my once youthful head.
For oftentimes I'm old, although 'tis painful,
Reverts to the lapsed, rickety shed.
Here stood the sawhorse, and there stood the ladder
And there stood the bellows all tattered and torn
While there stood the bell with its rusted clapper
With which father roused all the Negroes at morn.

Here hung the hirc limb, grim weapon of Justice,
Over the toolchest just outside the door;
'Twas worn and old, but old age was honor'd,
'Twas used on us children often before.
How often when a'filing for some misdeemeanor
'"Conside'ring my sins" as my dear father said,
I'd sit on this toolchest, brooding them over—
This old oaken toolchest outside the shed.

My! I was angry and sullen and sweating,
As though I'd been playing out in the field;
But today I'm old and I live young life over
With a longing that none but Memory can yield.
My dear happy childhood! My dear happy spring-time!
When flowers of life were in rosiest bloom;
When no dark, low'ring clouds boded dark for the future
In my happy lost childhood and my happy home.
—Frazie Kirk.

ATTEMPTED SUICIDE

Colored Man Found in An Outhouse With His Throat Cut

William Washington, colored, who, with his wife, son and daughter lives at the head of Philter avenue, attempted suicide yesterday noon by cutting his throat. He used a penknife and evidently intended business, as he severed the windpipe and jabbed the blade back into his throat.

Dr. L. Brand was summoned, and after staunching the flow of blood closed the gaping wound by sewing it up.

He had so often threatened taking his life that on yesterday when he repeated it his wife paid no attention to him. As he passed out the door down through the yard he called back to his wife—
"Good bye, Lide; good bye, Lide."

Some time afterward he was found in an out-house almost unconscious and helpless from the loss of blood. He was carried to the house and medical aid summoned.

The man is in a critical condition.

Mr. Patrick McDonough and five children, Michael and Patrick McDonough, Mrs. Margaret McDonough, Mrs. Bridget Broasau, Miss Mary McDonough and son-in-law, M. L. McDonough, of Kansas, are here to attend the funeral.

THIS AD WE ADDRESS PARTICULARLY TO YOUNG MEN.

The tendency for years—and we flatter ourselves that we have been great factors in it—has been, and surely will continue, to wear fashionable garments. The proper materials for suits this spring are gray, dark blue and black serges; some in full suits, others just in coats and pants. Double-breasted coats will still be favored by a good many, and justly so, for it is a very handsome garment. We honestly believe that no other house in the state shows as big a variety in the above described colors and materials as we do. It is always a pleasure to us to show our goods. Hence you will please us and at the same time do yourself justice to come and be shown the kind of clothing you ought to wear. Straw Hats are ripening very fast. We have the newest things in Yacht and Panama. Many will still favor the Soft Hat. In these we show a variety of beautiful styles. By following the crowd you will be sure to come to see us.

PAINFUL ACCIDENT

How a Heroic Young Lady Avoided More Serious Results

Saturday night Miss Andelia Power, in descending the stairs at her home in Cox Row, Market street, tripped and fell, striking the newel-post with terrific force. The impact cut a considerable gash in her lip, besides bruising her body.

Miss Power was carrying a lighted lamp in her hand at the time, and it was only her rare presence of mind and courage that prevented a more serious disaster.

As she pitched forward she retained a firm grip on the lamp, at the same time throwing her arm over the banistrade, preventing her falling head first to the bottom.

Although bruised and hurt she held on to the lamp, with the result of only a broken chimney. She wasn't thinking of personal injury; her mind was on that lamp and how to keep it from exploding.

She was nerry and heroic during the trying ordeal.

Several Good Subscriptions For San Francisco Sufferers

The movement to inaugurate a municipal relief fund for the afflicted in San Francisco was started last night.

The following subscriptions were reported—
The Church of the Nativity . . . \$15
Thomas A. Davis . . . 5
John Onley . . . 5
Miss Daisy G. Greenwood . . . 2

The school children have been asked to contribute. The various secret Orders of the city will take action at their several meetings this week, and most of the Churches have signified their willingness to ask for a fund at next Sunday's service. The money contributed will be sent away next Monday to Hon. Charles H. Keep, Assistant Secretary of the United States Treasury and Treasurer of the National Red Cross Association, Washington, D. C.

Anyone wishing to contribute will send same to THE LEDGER between this and Monday noon and it will be acknowledged.

Maysville citizens have never been appealed to in vain. They gave \$1,000 to Chicago, \$500 to Johnston and \$300 to Galveston, and the prospects are good for sending to California \$800.

A MEASURE OF MERIT

Maysville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville is not the testimony of strangers. But the indorsement of Maysville people. That's the kind of proof given here—The statement of a Maysville citizen.

Mrs. Lizzie Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says:

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills at J. James Wood & Son's Drugstore I was troubled with severe spells of backache and kidney complaint, which came on every three or six months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills has never failed to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the results have always been satisfactory."

NOBLE SERVICE

Miss Hays's Interesting Address on Missionary Work

The Missionary Meeting at the First Presbyterian Church last Sabbath was fairly well attended, and it was said on all sides that Miss Hays is eminently qualified for her work.

The Woman's Board at New York, with its usual keen insight and fine judgment, made a happy selection in sending Miss Hays to look after the cause of Home Missions in this state. "Love of God and love of country are the two noblest passions in the human heart and these two unite in Home Missions."

Ebenezer Presbytery is composed of fourteen auxiliaries, and if Miss Hays has infused new light into the societies and roused the members to their responsibility as individuals, then her work has not been in vain.

Miss Hays is a teacher in the Sitka Training School. There are 150 pupils, and the kind of training they received is evidenced by the following—

"Describe yourself as you wish to be when you are 21 years," was given to the boys in the Sitka Training School. "When I am 21, I'll try to be useful to others around me, I'll try to get a useful business, after I get money enough I mean to buy a good home for myself, and I mean to be a citizen of the United States and I'll try to be a good and upright man if I can." Surely no stronger nor nobler purpose could be sent out from a school in our own civilized land.

The various official proceedings in connection with the separation of Norway from Sweden cost the latter country just \$277,775, according to the Swedish budget.

EVERYTHING USEFUL.

Nothing Ever Yet Created Without a Purpose.

We all wonder why certain things were ever made, why certain animals or insects were allowed to live. And yet there is no doubt but that everything was created for some purpose, and as civilization advances, such purposes are discovered.

Cod liver oil is something that everybody knows to have been a wise provision of Providence to be used as a medicine in all wasting diseases. Yet science has proven that the oil has no value either as a medicine or food—and while useful to the codfish only the medicinal elements which the oil contains are useful to man as a medicine. Therefore a separation must be effected.

This is just what has been done by two eminent French chemists. After twenty years of experimenting, they succeeded in separating the medicinal curatives from the useless oil and grease and have given to the world in a concentrated form all of the healing, strength-creating and body-building properties of cod liver oil, without oil or grease to upset the stomach and retard its work, and by this process Vinol is made.

Our druggist, Mr. John C. Pecor, guarantees Vinol to be a pure cod liver medicine, without the oil, and not a patent medicine, and also guarantees that Vinol will create a healthy appetite, cure stomach troubles, give strength and renewed vitality to weak, sickly children and to the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds, build up the convalescent, or will return every dollar paid for it. JOHN C. PECOR, Druggist.

The people of the Faroe Islands thatch their houses with turf, where brilliant emerald green grass grows in luxuriance and is used as a browsing ground for the goats and sheep.

MORE THAN MIXING

Prescription compounding is more than weighing, measuring and mixing. Sometimes it isn't, but it ought always to be. To rightly and safely fill prescriptions requires a knowledge of drugs, their properties and chemical affinities. A prescription specifies the drugs and quantities only; the druggist must know in what order and manner the ingredients must be combined. Ignorance or error can easily impair the compound. We know prescription work thoroughly, and our drugs are of standard potency. You can safely entrust your prescriptions with us.

SAN FRANCISCO

SUFFERING RELIEVED

Active Work of Rehabilitation Begun in San Francisco

Through the widespread generosity of the American people, dire want in San Francisco, following the unparalleled destruction by earthquake and fire, has been alleviated and once more comparative quiet is resting over the city.

Systematic care of the homeless was at once adopted, and through the funds and rations that have been pouring into the stricken city within the past few days the fear of starvation and disease has been at least partially removed.

Food by the carload and boatload has poured into Oakland in sufficient quantities to overwhelm the Committee which has in charge its distribution.

So great was the volume of foodstuffs brought into the general depot at Oakland that the Committee made an appeal for skilled labor in the handling of these supplies.

In the heart of San Francisco regeneration has begun. Streets are being cleared of debris, and laborers are repairing broken water pipes, sewers and gas mains.

The circumference of the area of the great conflagration, as near as could be ascertained by the marking of a cyclometer, was twenty-six miles, and comprises the entire business district and a large section of the residence district, all of which was densely populated.

It is estimated by competent insurance authorities that the loss will aggregate \$300,000,000, and on this vast amount of property the insurance companies carried approximately \$176,000,000 insurance.

The total number of bodies recovered and buried up to Sunday is 500. No complete record can be had at this time, as many bodies have been buried without permits from the Coroner and the Board of Health.

FIRE BROKE OUT AFRESH.

SAN FRANCISCO, April 23d.—Fire smoldering in coal bunkers near Ferry Building broke out afresh this morning and is burning fiercely.

Prior to the starting of this last fire the extent of the burned area was seven square miles.

There is now a downpour of rain, causing great discomfort to the homeless, but it is hoped it will stop the fire.

H. C. Tilden, one of the most prominent members of the General Relief Committee, was shot and almost instantly killed in his automobile while returning from Menlo Park, by men supposed to be members of the citizens patrol. Two others who were in the auto assisting Mr. Tilden in relief work were wounded. The men who did the shooting are under arrest.

RELIEF FUND.

The contributions of the American people, through the Federal Government and through individuals, for the relief of the people of devastated San Francisco, aggregate the stupendous sum of \$12,000,000. But this is a stupendous calamity and it calls for stupendous relief. Considering that over 300,000 persons have to be cared for, not for a day or for a week, but at least for a month, the sum will only be slightly in excess of \$35 per capita.

CORONER'S JURY

Returns a Verdict in the Killing of Sam Lindsay

Coroner George W. Orr's inquiry as to the manner and cause of Sam Lindsay's death was thorough and searching. After an examination of four or five witnesses, the jury returned the following verdict:

We, the jury, find that the body viewed by us this day is that of Sam Lindsay, colored, and that from the evidence he was shot and killed by Walter Good, colored.

WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent to you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. A CALL.

To the Good Citizens of Mason County: Since the County Unit Bill will become a law June 13th, and since it is your privilege and duty to vote the elections of the county, it becomes necessary to call a Convention to organize the county for work that must be done in each voting precinct outside of Maysville before we can even ask the County Court for an election.

Therefore, we ask that each voting precinct be represented at the coming convention by as many good men as possible. The convention is hereby called for the first day of May at 11 a. m. at the Maysville Christian Church. Let us have a large representation, such as the cause demands.

The Blood is the Life

The essential to health, beauty of form and appearance and the well-being of the individual, impure, impoverished, vitiated or depraved blood will not permit or sustain a healthy condition of the body. By the judicious and persistent use of

MADDE'S COMPOUND EXTRACT OF SASSAPARILLA

the indications of impure blood disappear, the dull eye becomes radiant, the step elastic, the pallor of the complexion is replaced by glowing rosy cheeks, the languor and tired feelings of the individual vanish, the mental and physical vigor returns and all danger of a premature death is averted.
